

BREAST AND CERVICAL CANCER SCREENINGS SAVE LIVES

Your Actions Make a Difference!

WOMEN'S WAY
A Breast & Cervical Cancer
Early Detection Program

What you can do as a:

PROVIDER

- Educate patients on the importance of screenings.
- Assess patients' cancer risk.
- Remind patients when their next breast and cervical cancer screenings are due.
- Provide patient referrals to Women's Way when appropriate.
- Ensure adequate and timely diagnostic follow-ups are scheduled.
- Notify patients of test results in a timely manner.
- Complete Intake and Visit or diagnostic forms; return to local coordinator in a timely manner.

NURSING STAFF

- Complete Women's Way referral form (if applicable).
- Send Women's Way referral form to the State Office.
- Facilitate timely return of Women's Way Intake and Visit or diagnostic forms.
- Inform patients of services not covered by Women's Way.
- Assess use of tobacco by using AAR (Assess-Advise-Refer).
- Assist patients in scheduling future breast and cervical cancer screenings.

What you can do as a:

BILLING SPECIALIST

- Keep current CPT and ICD-10 code lists available.
- Ensure 12-digit Women's Way ID number is in the system accurately.
- Bill Women's Way as payor of last resort (except IHS).
- If a Women's Way covered service is denied, contact appropriate Women's Way staff member.
